

# Bakewell

An historic market town at the heart of the Peak District National Park, Bakewell sits in a lovely setting on the banks of the River Wye surrounded by spectacular countryside. With mellow stone buildings, gardens and little courtyards the town offers a great place to base yourself for a few days or longer break.

From the surrounding rolling hills and limestone dales to the high heather clad moorlands, this is ideal countryside to explore slowly by bike. The town and villages have a wealth of cafes and pubs to refresh yourself on route and don't forget a famous Bakewell Pudding or Tart to take home.

Bakewell's former railway station, once a busy stop on the Midland Railway line between London and Manchester, is now a tranquil place to start a bike ride along the line, now known as the Monsal Trail. With no traffic, just walkers, cyclists and the occasional horse rider, the sounds are mainly birdsong.

The town also boasts a wide range of outdoor clothing shops for walkers and cyclists to stock up, plus a popular Visitor Centre situated in the old market hall.

## Following the routes

The five routes in this cycle guide offer you some of the best places to visit with stunning views, quiet lanes, minimal traffic and an abundance of cycle friendly places to stop for refreshments. All rides can start in the centre of Bakewell or on the outskirts at old Hassop Station where there is plentiful parking.

You can cycle them on a road, hybrid or mountain bike as they use quiet tarmac roads and a former railway line. Please take special care along any stretches of main road and at road crossings.

Each route is highlighted on the map with arrows showing the suggested way round and added directions at numbered points help with navigation. All distances are approximate. It is also a good idea to have the **OS Explorer Map 24** with you so that routes can be extended or shortened as required.

## Cycling in the Peak District

One of the best and most enjoyable ways to enjoy your time in the Peak District is out cycling.

It's fun and free, and you'll be able to explore further than you would imagine!

If you're out exploring though it always pays to be prepared, especially if you're not familiar with the roads you're riding on.

Rural roads, especially in the Peak District, are often narrow with sharp bends and steep descents, so do take heed of road signs.

Unsure of what lies ahead? Then take it easy - you're not in a race!

Ride well within your abilities and expect the unexpected - whether that's oncoming traffic or a pothole at the bottom of the hill. Any potholes you do find, make sure to report them via [www.fliithatohole.org.uk](http://www.fliithatohole.org.uk)

If traffic is building up behind you, do consider pulling in - but only when there's a safe spot to do so.

We're all out to enjoy ourselves in the Peaks, so when out riding be nice, say hi! Give plenty of warning to horse riders you're approaching and space when overtaking, and remember when cycling off road to give way to walkers, wheelchair users and horse riders if there's not enough space for you to pass.

Do care for the environment and if possible try to reach the start of your journey with public transport or by cycling. Follow the countryside code of: Respect, Protect, Enjoy and you won't go wrong!

You're allowed to cycle on roads, byways, bridleways and cycle paths, so please avoid riding on public footpaths.

It's always best to be prepared, particularly if you're heading into remote sections where mobile reception can be patchy.

Also do check your bike beforehand to make sure the brakes are working, the tyres are pumped and your gears are shifting smoothly.

Above all - enjoy your ride!

- Snacks and water
- A map
- Tools, pump and a spare inner tube in case of a puncture
- Front white light and red rear light
- Waterproofs
